Artificial Intelligence Internship Program

APP USER Manual
Interactive Calculator

Introduction

Hello my name is Jasmine Malaeb

I am 15 years of age

I'm in grade ten

Acknowledgements

A huge vote of thanks for all who have helped me in this spectacular journey of App Development - My parents, Clevered, Clevered mentors, Dr. Ken, and my friends.

Project Introduction

This project which i've done is an interactive calculator which works with speech and listening recognition. This project of mine is made to make your calculations easier for people to calculate knowing that it contains addition, subtraction, multiplication, and division.

Thank you !!
